

# TELLASON

Denim Service **(USA only)**

**Post-purchase hemming: \$0.00**

·Fold and pin one of the legs to your desired finished length.

·Make sure to account for shrinkage (if previously unwashed). Our denim is sanforized and will shrink ~.5-1" in length after the first cold water and air dry.

*\*\*\* if your jeans are not brand new, they must be washed before sending in for hemming. Unwashed worn jeans will not be worked on \*\*\**

*\*\*\* Only Made in USA pants can be hemmed using this service \*\*\**

*When jeans are hemmed we cut off the existing hem (~.5") and the new hem takes up ~1" (with the fold & chain stitch), therefore all hems must be for a requested length of 1.5" or shorter than the jeans current length  
Hemmed jeans will be sent back to you within 10-15 business days of receipt.  
Return shipping is included.*

**Ship To: Tellason Denim Service 480 Gate 5 Rd – No. 113 Sausalito CA 94965**
